Health Check Billing Guide 2004

COMMITMENT TO QUALITY

EDS and DMA share a common goal with the provider community to ensure quality health care is provided to all North Carolina Medicaid recipients in the most efficient and economical manner.

Quality is the process of delivering products and services that meet our customers' requirements and exceed their expectations to generate customer satisfaction and success.

Effective with date of service July 1, 2004, several changes have been made to the Health Check Program. These changes are outlined in this special bulletin. Please replace the April 2003 Special Bulletin I, *Health Check Billing Guide 2003*, with this special bulletin. For your convenience, shading indicates new information

HEALTH CHECK SCREENING COMPONENTS

The Health Check Program is a preventive care program for Medicaid-eligible children ages birth through 20. **A Health Check screening is the only well child preventive visit reimbursable by Medicaid. All Health Check components are required and are to be documented in the patient's medical record. Each screening component is vital for measuring a child's physical, mental, and developmental growth.** Recipients are encouraged to receive their comprehensive health checkups and immunizations on a regular schedule. A complete Health Check screening consists of the following age-appropriate components, which must be performed and documented at each visit **unless** otherwise noted.

- **Comprehensive unclothed physical examination**
- **Comprehensive health history**
- **Nutritional assessment**
- **Anticipatory guidance and health education**
- **Measurements, blood pressure, and vital signs**
Blood pressure is required to become a part of the exam beginning at age 3.

- **Developmental screening including mental, emotional, and behavioral**

For infants and young children, the American Academy of Pediatrics (AAP) recommends, "All infants and young children should be screened for developmental delays. Screening procedures should be incorporated into the ongoing health care of the child as part of the provision of a medical home. Developmental surveillance is an important method of detecting delays. Moreover, the use of standardized developmental screening tools at periodic intervals will increase accuracy. For successful early identification of developmental disabilities, the pediatrician must be skilled in screening techniques, seek parental concerns about development and create links to available resources in the community." Please refer to page 40 for the AAP's recommendations and conclusions from the Policy Statement on Developmental Surveillance and Screening of Infants and Young Children (RE0062), Volume 108, Number 1, July 2001 pp 192-196. The entire policy statement can be found on the AAP website at <http://aappolicy.aappublications.org>.

Health Check follows the recommendations of the AAP now requiring that a formal, standardized developmental screening tool be used when screening children. A list of screening tools may be accessed on the Developmental and Behavioral Peds website at <http://www.dhped.org>. Two tools, the Ages and Stages Questionnaire (ASQ) and Parents Evaluation of Developmental Status (PEDS) are validated first level screening tools, which have been "put to the test" in practices across North Carolina. These are two examples of what is practical, what works in the primary care practice, and what providers will find on the website.

The North Carolina Pediatric Society has endorsed the following schedule for formal, standardized developmental screening: age 6 months; 12 months; 18 or 24 months; and 3, 4, and 5 years of age. The medical record must contain the results of the developmental test.

Health Check Screening Components, continued

- **Immunizations**

Federal regulations state that immunizations are to be provided at the time of screening if they are needed.

Note: Please refer to pages 6 and 7 for additional information on immunizations.

- **Vision and hearing assessments**

Health Check follows the Recommendations for Preventive Pediatric Health Care from the AAP for hearing and vision assessments. The recommendations for all screening components may be accessed at <http://www.aap.org/policy/re9939.html>.

In accordance with the periodicity schedule (page 10) and the Recommendations for Preventive Pediatric Health Care, **objective** vision assessments (i.e., Snellen chart) are required beginning at ages 3 years, 4 years, 5 years, 6 years, 9 years, 12 years, 15 years, and 18 years.

In accordance with the periodicity schedule (page 10) and the Recommendations for Preventive Pediatric Health Care, objective hearing assessments **using electronic equipment** (i.e., audiometer) must be performed beginning at birth, 4 years, 5 years, 6 years, 9 years, 12 years, 15 years, and 18 years.

If the required vision and/or hearing screenings cannot be performed during a periodic visit due to blindness or deafness and the claim is denied, the claim may be resubmitted through the adjustment process with supporting medical record documentation attached.

Note: Please refer to Billing Requirement 2 on pages 11 and 12 for specific information regarding vision and hearing assessments.

- **Dental screenings**

A dental visit is recommended for every child beginning at 3 years of age. An oral screening performed during a physical examination is not a substitute for examination through direct referral to a dentist. The initial dental referral must be provided regardless of the periodicity schedule unless it is known that the child is already receiving dental care. Thereafter, dental referrals should, at a minimum, conform to the dental service periodicity schedule, which is currently one routine dental examination every six months. When any screening indicates a need for dental services at an earlier age (i.e., baby bottle caries), referrals must be made for needed dental services and documented in the patient's record. The periodicity schedule for dental examinations is not governed by the schedule for regular health screenings.

Note: Dental varnishing is not a requirement of the Health Check screening exam. Providers may bill for dental varnishing and receive reimbursement in addition to the Health Check screening. Refer to the August 2002 general Medicaid bulletin on DMA's website at <http://www.dhhs.state.nc.us/dma/bulletin.htm> for billing codes and guidelines.

Health Check Screening Components, continued

- **Laboratory procedures**

Includes hemoglobin or hematocrit, urinalysis, sickle cell, tuberculin skin test, and lead screening.

Note: When these laboratory tests are processed, Medicaid will not reimburse separately for these procedures. Payment for these procedures is included in the reimbursement for a Health Check screening.

Hemoglobin or hematocrit

Hemoglobin or hematocrit must be measured once during infancy (between the ages of 9 and 12 months) for all children and once during adolescence for menstruating adolescent females. An annual hemoglobin or hematocrit screening for adolescent females (ages 11 to 21 years) must be performed if any of the following risk factors are present: moderate to heavy menses, chronic weight loss, nutritional deficit or athletic activity.

If the provider has a documented normal result of a hemoglobin or hematocrit performed by another provider within three months of the date of the Health Check screening, repeating the hemoglobin or hematocrit is not required as part of the Health Check visit unless the provider feels that this test is needed. The result and source of the test must be documented in the patient's medical record.

The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) has specific guidelines for hematocrit/hemoglobin testing. Sharing the test results between the WIC Program and the primary care provider (PCP) is encouraged with appropriate release of information. For more information on guidelines and time frames, call the local WIC office.

Urinalysis

Urinalysis must be performed during the 5-year-old periodic screening as well as during periodic screenings for all sexually active males and females.

Sickle cell testing

North Carolina hospitals are required to screen all newborns for sickle cell prior to discharge. If a child has been properly tested, this test need not be repeated. **Results must be documented in the child's medical record.** If the test results of the newborn sickle cell screening are not readily available, contact the hospital of birth. An infant not tested at birth should receive a sickle cell test prior to 3 months of age.

If the child is under 3 months of age and there is no sickle cell test result in the medical record, then the test **must** be repeated. If the child is 3 months of age or older, and there is no sickle cell test result in the record, the test may be repeated if the provider feels that this is needed.

Health Check Screening Components, continued

Tuberculin testing

Reviewing perinatal histories, family and personal medical histories, significant events in life, and other components of the social history will identify children/adolescents for whom TB screening is indicated. If none of the screening criteria listed below are present, there is no recommendation for routine TB screening.

The North Carolina TB Control Branch is responsible for oversight of testing of household and other close contacts of active cases of pulmonary and laryngeal tuberculosis. Questions related to policy interpretation or other questions related to TB skin testing should be directed to the local health departments.

Tuberculin testing should be performed as clinically indicated for children/adolescents at increased risk of exposure to tuberculosis, **via Purified Protein Derivative (PPD) intradermal injection/Mantoux method** – not Tine Test.

Criteria for screening children/adolescents for TB (per the NC TB Control Branch) are:

1. Children/adolescents reasonably suspected of having tuberculosis disease based on clinical symptoms.
2. Perform a **baseline screen** when these children/adolescents present for care.
 - a. Foreign-born individuals arriving within the last five years from Asia, Africa, Caribbean, Latin America, Mexico, South America, Pacific Islands, the Middle East or Eastern Europe. Low prevalence countries for tuberculosis disease are the USA, Canada, Japan, Australia, New Zealand, and countries in Western Europe.
 - b. Children/adolescents who are migrants, seasonal farm workers or are homeless.
 - c. Children/adolescents who are HIV-infected.
 - d. Children/adolescents who inject illicit drugs or use crack cocaine.

Subsequent TB skin testing is not necessary unless there is a continuing risk of exposure to persons with tuberculosis disease.

In addition to the TB Control Branch criteria:

A TB screening performed as a part of a Health Check screening cannot be billed separately.

Health Check Screening Components, continued

Lead screening

Federal regulations state that all Medicaid-enrolled children are required to have a blood lead test at 12 and 24 months of age. Children between 36 and 72 months of age must be tested if they have not been previously tested. Providers should perform a lead screening when it is clinically indicated.

Medical follow-up begins with a blood lead level greater than or equal to 10 ug/dL. Capillary blood level samples are adequate for the initial screening test. Venous blood level samples should be collected for confirmation of all elevated blood lead results.

Blood Lead Concentration	Recommended Response
<10 ug/dL	Rescreen at 24 months of age
10 through 19 ug/dL	Confirmation (venous) testing should be conducted within three months. If confirmed, repeat testing should be conducted every 2 to 4 months until the level is shown to be <10 ug/dL on three consecutive tests (venous or finger stick). The family should receive lead education and nutrition counseling. A detailed environmental history should be taken to identify any obvious sources of exposure. If the blood lead level is confirmed at ≥10 ug/dL, environmental investigation will be offered.
20 through 44 ug/dL	Confirmation (venous) testing should be conducted within 1 week. If confirmed, the child should be referred for medical evaluation and should continue to be retested every 2 months until the blood lead level is shown to be <10 ug/dL on three consecutive tests (venous or finger stick). Environmental investigations are required and remediation for identified lead hazards shall occur for all children less than 6 years old with confirmed blood lead levels >20 ug/dL.
≥45 ug/dL	The child should receive a venous lead test for confirmation as soon as possible. If confirmed, the child must receive urgent medical and environmental follow-up. Chelation therapy should be administered to children with blood lead levels in this range. Symptomatic lead poisoning or a venous lead level >70 ug/dL is a medical emergency requiring inpatient chelation therapy.

State Laboratory of Public Health for Blood Lead Screening

The State Laboratory Services of Public Health will analyze blood lead specimens for all children less than 6 years of age at no charge. Providers requiring results from specimens of children outside this age group need to contact the State Laboratory of Public Health at 919-733-3937.

IMMUNIZATIONS

Immunization Administration CPT Codes 90471 and 90472 with the EP Modifier

Medicaid reimburses providers for the administration of immunizations to Medicaid-enrolled children, birth through 20 years of age, using the following guidelines.

Private Sector Providers

An immunization administration fee may be billed if it is the only service provided that day or if any immunizations are provided in addition to a Health Check screening or an office visit.

- Administration of one immunization is billed with the administration CPT code 90471 (one unit) with the **EP** modifier and is reimbursed at \$13.71.
- Additional immunizations are billed with the administration CPT code 90472 with the **EP** modifier and are reimbursed at \$13.71.

The maximum reimbursement for two or more immunizations is \$27.42 when using both CPT codes 90471 and 90472. The **EP** modifier must be listed next to each immunization administration CPT code entered in block 24D of the CMS-1500 claim form. Immunization procedure codes must be reported even if the immunization administration fee is not being billed. For instructions on billing an immunization administration fee, refer to the chart on page 7.

Federally Qualified Health Center or Rural Health Clinic Providers

An immunization administration fee may be billed if it is the only service provided that day or if any immunizations are provided in addition to a Health Check screening. Health Check screenings and the immunization administration fees are billed using the provider's Medicaid number with the "C" suffix.

- Administration of one immunization is billed with the CPT code 90471 (one unit) with the **EP** modifier and is reimbursed at \$13.71.
- Additional immunizations are billed with the administration CPT code 90472 with the **EP** modifier and are reimbursed at \$13.71.

An immunization administration fee cannot be billed in conjunction with a core visit. Report the immunization given during the core visit without billing the administration fee. For instructions on billing an immunization administration fee, refer to the chart on page 7.

Local Health Department Providers

An immunization administration fee may **not** be billed if the immunization(s) is provided in addition to a Health Check screening. The immunization administration CPT codes 90471 with the **EP** modifier may be billed if immunizations are the only services provided that day or if any immunizations are provided in conjunction with an **office visit**.

- Administration of one or more immunizations is billed with the CPT code 90471 (one unit) with the **EP** modifier and is reimbursed at \$20.00.

The immunization administration code is reimbursed at \$20.00 regardless of the number of immunizations given. Immunization procedure codes must be reported even if the immunization administration fee is not being billed. For instructions on how to bill an immunization administration fee, refer to the chart on page 7.

Billing Guidelines for Immunizations

Provider Type	Health Check Screening with Immunization(s)	Immunization(s) Only	Office Visit with Immunization(s)	Core Visit with Immunization(s)
Private Sector Providers	<p>For one immunization, bill 90471 with the EP modifier.</p> <p>For additional immunizations, bill 90472 with the EP modifier.</p> <p>Immunization diagnosis code not required.</p> <p>Immunization procedure code(s) are required.</p>	<p>For one immunization, bill 90471 with the EP modifier.</p> <p>For additional immunizations, bill 90472 with the EP modifier.</p> <p>One immunization diagnosis code is required.</p> <p>Immunization procedure code(s) are required.</p>	<p>For one immunization, bill 90471 with the EP modifier.</p> <p>For additional immunizations, bill 90472 with the EP modifier.</p> <p>Immunization diagnosis code not required.</p> <p>Immunization procedure code(s) are required.</p>	N/A
FQHC/RHC	<p>For one immunization, bill 90471 with the EP modifier.</p> <p>For additional immunizations, bill 90472 with the EP modifier.</p> <p>Immunization diagnosis code not required.</p> <p>Immunization procedure code(s) are required.</p>	<p>For one immunization, bill 90471 with the EP modifier.</p> <p>For additional immunizations, bill 90472 with the EP modifier.</p> <p>One immunization diagnosis code is required.</p> <p>Immunization procedure code(s) are required.</p>	N/A	<p>Cannot bill 90471 or 90472.</p> <p>Immunization diagnosis code is not required.</p> <p>Immunization procedure code(s) are required.</p>
Local Health Department Providers	<p>Cannot bill 90471. Must report immunizations.</p> <p>Immunization diagnosis code not required.</p> <p>Immunization procedure code(s) are required.</p>	<p>For one or more immunizations, bill 90471 with the EP modifier.</p> <p>One immunization diagnosis code is required.</p> <p>Immunization procedure code(s) are required.</p>	<p>For one or more immunizations, bill 90471 with the EP modifier.</p> <p>Immunization diagnosis code is not required.</p> <p>Immunization procedure code(s) are required.</p>	N/A

Immunization procedure code(s) must be listed in block 24D of the CMS-1500 claim form for all immunizations administered.

Universal Childhood Vaccine Distribution Program/Vaccines for Children Program

The Universal Childhood Vaccine Distribution Program (UCVDP)/Vaccines for Children (VFC) Program provides at no charge all required (and some recommended) vaccines to North Carolina children birth through 18 years of age according to the recommendations of the Advisory Committee of Immunization Practices (ACIP) of the Centers for Disease Control (CDC). Due to the availability of these vaccines, Medicaid does not reimburse for UCVDP/ VFC vaccines for children ages birth through 18. An exception to this is noted in the table below.

For Medicaid-eligible recipients ages 19 through 20 who are not age-eligible for the VFC program vaccines, Medicaid will reimburse providers for Medicaid-covered vaccines.

The following is a list of UCVDP/VFC vaccines:

Codes	Vaccines	Diagnosis Codes
90645	Hib Titer- 4 dose HBOC	V03.8 or V05.8
90648	Hib-4 dose PRP-T (ActHib)	V03.8 or V05.8
90655	Influenza , preservative free (6 through 35 months of age) High-Risk Only for 24 months and older	V04.81
90657	Influenza (6 to 35 months of age) High-Risk Only for 24 months and older	V04.81
90658	Influenza (3 years of age and above) High-Risk Only	V04.81
90669	Pneumococcal - PCV7 (2 through 59 months of age) High-Risk Only for 24 through 59 months	V03.82 or V05.8
90700	DtaP	V06.8
90702	DT	V06.8
90707	MMR	V06.4
90713	IPV	V04.0
90716	Varicella	V05.4
90718	Td	V06.5
90732	Pneumococcal - PPV23	V03.82 or V05.8
90744	Hepatitis B Vaccine – Pediatric/Adolescent If the first dose of Hepatitis B vaccine is administered prior to the 19 th birthday, UCVDP vaccine can be used to complete the series prior to the 20 th birthday.	V05.8

UCVDP/VFC, continued

North Carolina Medicaid providers who are not enrolled in the UCVDP or who have questions concerning the program should call the N.C. Division of Public Health's Immunization Branch at 1-800-344-0569.

Out-of-state providers (within the 40-mile radius of North Carolina) may obtain VFC vaccines by calling their state VFC program. VFC program telephone numbers for border states are listed below:

- **Georgia** 1-404-657-5013
- **South Carolina** 1-800-277-4687
- **Tennessee** 1-615-532-8513
- **Virginia** 1-804-786-6246

HEALTH CHECK SCREENING SCHEDULES

Periodic Screenings

The **preventive medicine CPT codes 99381 through 99385 with the EP modifier, and 99391 through 99395 with the EP modifier** are used to bill a periodic screening. (Refer to Health Check Billing Requirements on page 11.)

The schedule listed below outlines the recommended frequency of Health Check screenings dependent upon the age of the child. This schedule is based on recommendations for preventive pediatric health care.

Note: If an illness is detected during a Health Check screening, the provider may continue with the screening or bill a sick visit and reschedule the screening for a later date.

Periodicity Schedule

Within the first month	12 months	5 years
2 months	18 months	6 through 20 years
4 months	2 years	One screening every three years
6 months	3 years	for children 6 years of age and
9 or 15 months	4 years	older.

Interperiodic Screenings

The **preventive medicine CPT codes 99381 through 99385 with the EP modifier, and 99391 through 99395 with the EP modifier** are used to bill an interperiodic screening. (Refer to Health Check Billing Requirements on page 11.)

In addition to the periodicity schedule, interperiodic screenings are allowed in the following circumstances:

- When a child requires either a kindergarten or sports physical **outside** the regular schedule.
- When a child's physical, mental or developmental illnesses or conditions have already been diagnosed and there are indications that the illness or condition may require closer monitoring.
- When the screening provider has determined there are medical indications that make it necessary to schedule additional screenings in order to determine whether a child has a physical or mental illness or a condition that may require further assessment, diagnosis or treatment.
- Upon referral by a health, developmental or educational professional based on their determination of medical necessity. Examples of referral sources may include Head Start, Agricultural Extension Services, Early Intervention Programs or Special Education Programs.

In each of these circumstances, the screening provider must specify and document in the child's medical record the reason necessitating the interperiodic screening.

Developmental screenings, hearing and vision assessments are not required for an interperiodic screening.

All other age-appropriate Health Check components must be performed during an interperiodic Health Check screening.

HEALTH CHECK BILLING REQUIREMENTS

Instructions for billing a Health Check screening on the CMS-1500 claim form are the same as when billing for other medical services except for these six critical requirements. The six billing requirements specific to the Health Check Program are as follows:

Requirement 1: Identify and Record Diagnosis Code(s)

Place diagnosis code(s) in the correct order in block 21. Medical diagnoses should always be listed before immunization diagnoses. Immunization diagnoses are required when billing immunization(s) only.

Periodic Health Check Screening – Use V20.2 as the Primary Diagnosis

The primary diagnosis V20.2 is always listed first. Medical diagnoses, if applicable, are listed after the primary diagnosis (V20.2) and always before immunization diagnoses. Immunization diagnoses are required when billing immunization(s) only.

Interperiodic Health Check Screening – Use V70.3 as the Primary Diagnosis

The primary diagnosis V70.3 is always listed first. Medical diagnoses, if applicable, are listed after the primary diagnosis (V70.3) and always before immunization diagnoses. Immunization diagnoses are required when billing immunization(s) only.

Requirement 2: Identify and Record Preventive Medicine Code and Component Codes

The preventive medicine CPT code with the EP modifier for Health Check screenings should be billed as outlined below. In addition to billing the preventive medicine code, developmental screening, vision and hearing CPT codes must be listed based on the ages outlined in the Health Check Screening Components indicated on page 1.

- A Health Check screening is the only well child visit reimbursable by Medicaid and must have V20.2 or V70.3 listed on the claim form as the primary diagnosis code.
- A developmental screening CPT code with the EP modifier must be listed in addition to the preventive medicine CPT codes for a periodic Health Check screening when age appropriate. No additional reimbursement is allowed for this code. Private providers may refer to pages 18, 19, 20, 21, 22, 23/24, and 25/26 for sample claims. Rural Health providers may refer to page 32 for a sample claim. Local health departments may refer to pages 37 and 38 for sample HSIS screens.
- Vision CPT codes with the EP modifier must be listed on the claim form in addition to the preventive medicine CPT codes for a periodic Health Check screening. No additional reimbursement is allowed for these codes. Private providers may refer to pages 19, 20, 23/24, and 25/26 for sample claims on. Rural Health providers may refer to pages 31, 32, and 34 for sample claims. Local health departments may refer to pages 37 and 38 for sample HSIS screens.
- Hearing CPT codes with the EP modifier must be listed on the claim form in addition to the preventive medicine CPT codes for a periodic Health Check screening. No additional reimbursement is allowed for these codes. Private providers may refer to pages 20, 23/24, and 25/26 for sample claims. Rural Health providers may refer to page 31 and 34 for sample claims. Local health departments may refer to pages 37 and 38 for sample HSIS screens.

Health Check Billing Requirements, continued

Use the correct Health Check screening preventive medicine codes with the EP modifier in block 24D of the CMS-1500 claim form:

Screenings	Preventive CPT Codes and Modifier	Diagnoses Codes
Periodic Screening	<p>CPT codes 99381-99385; 99391-99395 EP Modifier is required in block 24D</p> <p>Developmental Screening CPT Code 96110; at 6 months of age, 12 months of age, 18 or 24 months of age, at age 3, 4, and 5 years old EP Modifier is required in block 24D</p> <p>Vision CPT code 99172 or 99173; beginning at age 3 EP Modifier is required in block 24D</p> <p>Hearing CPT code 92551, 92552, or 92587; beginning at age 4 EP Modifier is required in block 24D</p>	V20.2 Primary Diagnosis
Interperiodic Screening	<p>CPT codes 99381-99385; 99391-99395 EP Modifier is required in block 24D</p>	V70.3 Primary Diagnosis

Requirement 3: Health Check Modifier – EP

The Health Check screening CPT codes for periodic and interperiodic screenings must have the **EP** modifier listed in block 24D of the CMS-1500 claim form. The vision, hearing, and development screening CPT codes must have the **EP** modifier listed in block 24D of the CMS-1500 claim form. EP is a required modifier for all Health Check claims.

Requirement 4: Record Referrals

N.C. Medicaid is HIPAA-compliant and is able to receive standard electronic HIPAA transactions.

Providers billing electronically using the services of a vendor or clearinghouse may reference the National HIPAA Implementation Guide and the North Carolina 837 Professional Claim Transaction Companion Guide for values regarding follow up-visits. The National HIPAA Implementation Guide for the 837 Claim Transaction can be accessed at <http://www.wpc-edi.com>.

The North Carolina Medicaid 837 Companion Guide can be accessed on the DMA website at <http://www.dhhs.state.nc.us/dma/hipaa/837prof.pdf>.

For providers billing on paper, a referral code indicator is used when a follow-up visit is necessary for a diagnosis detected during a Health Check screening. The indicator “R” should be listed in block 24H of the CMS-1500 claim form when this situation occurs. Private providers may refer to pages 20 and 21 for sample claims. Rural Health providers may refer to page 32 for a sample claim.

Local health departments may refer to page 37 for a sample HSIS screen.

Health Check Billing Requirements, continued**Requirement 5: Next Screening Date**

Providers billing on paper may enter the next screening date (NSD) or have the NSD systematically entered according to the predetermined Medicaid periodicity schedule. Below is an explanation of options for the NSD in block 15 of the CMS-1500 claim form.

Systematically Entered Next Screening Date; Paper Providers

Providers have the following choices for block 15 of the CMS-1500 claim form with a Health Check screening. All of these choices will result in an automatically entered NSD.

- **Leave block 15 blank.**
- **Place all zeros in block 15 (00/00/0000).**
- **Place all ones in block 15 (11/11/1111).**

Claims with systematically entered NSDs will be tracked per the Medicaid periodicity schedule.

Provider-Entered Next Screening Date; Paper Providers

Providers have the option of entering the NSD in block 15. If this date is within the periodicity schedule, the system will keep this date. In the event the NSD is out of range with the periodicity schedule, the system will override the provider's NSD and the appropriate NSD (based upon the periodicity schedule) will be automatically entered during claims processing.

Note: Providers billing electronically are not required to enter a next screening date (NSD) for health check screening claims.

Requirement 6: Identify and Record Immunization Administration CPT Code(s) and the EP Modifier

All providers should refer to the chart on page 7 for guidelines on when to bill the immunization administration CPT codes and the EP modifier.

When billing one immunization, private providers must use the administration CPT code 90471 (one unit) with the EP modifier listed in block 24D.

When additional immunizations are provided, private providers must use the administration CPT code 90472 with the EP modifier listed in block 24D.

Private providers may refer to pages 21, 22, 23/24, 25/26, 28, 29, and 30 for sample claims. Rural Health providers may refer to pages 32 and 35 for sample claims. Local health departments may refer to pages 37 and 39 for sample HSIS screens.

Note: If the **EP** modifier is not listed in block 24D, the reimbursement rate for the CPT codes 90471 and 90472 is \$0.00.

TIPS FOR BILLING

All Health Check Providers

- Two screenings on different dates of service cannot be billed on the same claim form.
- A formal, standardized developmental screening tool must be used at periodic screenings for children ages 6 months, 12 months, 18 or 24 months, and 3, 4, and 5 years of age.
- If the required vision and/or hearing assessments cannot be performed during a periodic visit due to a condition such as blindness or deafness and the claim is denied, the claim may be resubmitted through the adjustment process with supporting medical record documentation attached.
- When billing immunization administration CPT codes, the EP modifier must be entered in block 24D to receive the reimbursement rate of \$13.71 for 90471 (health departments receive \$20.00) and \$13.71 for 90472 (no additional reimbursement for health departments). If the EP modifier is not entered in block 24D, the reimbursement will be \$0.00 per unit. The reimbursement for these codes is \$3.41 per unit for non-Health Check related services. Local health departments should follow directions on pages 6 and 7 when billing these codes.
- Third party insurance must be pursued and reported in block 29 of the CMS-1500 claim form when preventive services (well child screenings) are covered. If third party insurance does not cover preventive services, clearly document in the medical record and submit the claim to Medicaid.

Private Sector Health Check Providers Only

- A Health Check screening and an office visit with different dates of service cannot be billed on the same claim form.
- A Health Check screening and an office visit cannot be paid initially on the same date of service. One claim will pay and the other will deny. For the denied claim to be reconsidered, it must be submitted as an adjustment with medical justification and a copy of the Remittance and Status Report (RA) denial attached.
- Immunization administration CPT code 90471 with the EP modifier and 90472 with the EP modifier can be billed with a Health Check screening, office visit or if it is the only service provided that day. When billing in conjunction with a screening CPT code or an office visit code, an immunization diagnosis is not required in block 21 of the claim form. When billing the administration code for immunizations (90471 with the EP modifier and 90472 with the EP modifier) as the only service for that day, providers are required to use an immunization diagnosis in block 21 of the claim form. **Always list immunization CPT procedure codes** when billing 90471 with the EP modifier and 90472 with the EP modifier. Refer to the chart on page 7 and the sample claim forms beginning on pages 18 through 35.
- When checking claim status using the Automated Voice Response (AVR) system (1-800-723-4337), AVR requires providers to enter the total amount billed. Due to each Health Check claim being divided into two separate claims for tracking purposes, the total amount billed must also be split between the amount billed for the screening and the amount billed for immunizations and any other service billed on the same date of service. Thus, it is necessary to check claim status for two separate claims.

Tips for Billing, continued**Federally Qualified Health Center and Rural Health Clinic Providers Only**

- FQHCs and RHCs must bill Health Check services using their Medicaid provider number with the “C” suffix.
- A Health Check screening and a core visit cannot be paid initially on the same date of service. One claim will pay and the other will deny. For the denied claim to be reconsidered, it must be submitted as an adjustment with medical justification and a copy of the Remittance and Status Report (RA) denial attached.
- Immunization administration CPT code 90471 with the EP modifier and 90472 with the EP modifier can be billed if it is provided in addition to a Health Check screening CPT code or if it is the only service provided that day. When billing in conjunction with a screening code, an immunization diagnosis is not required in block 21 of the claim form. When billing the administration code for immunizations (90471 with the EP modifier and 90472 with the EP modifier) as the only service for that day, an immunization diagnosis code is required to be entered in block 21 of the claim form. The administration code for immunizations cannot be billed in conjunction with a core visit. For reporting purposes, list immunization procedure codes in the appropriate block on the claim form. **Always list immunization procedure codes** when billing 90471 with the EP modifier and 90472 with the EP modifier. Refer to the chart on page 7 and the sample claim forms on pages 21 through 35.

HEALTH CHECK COORDINATORS

Health Check Coordinators (HCCs) are available to assist both **parents** and **providers** in assuring that Medicaid-eligible children have access to Health Check services. The roles of the HCCs include, but are not limited to the following:

- using the Health Check Automated Information and Notification System (AINS) for identifying and following Medicaid-eligible children, birth through 20 years of age, with regard to services received through the health care system
- assisting families to use the health care services in a consistent and responsible manner
- assisting with scheduling appointments or securing transportation
- acting as a local information, referral, and resource person for families
- providing advocacy services in addressing social, educational or health needs of the recipient
- initiating follow-up as requested by providers when families need special assistance or fail to bring children in for health screenings
- promoting Health Check and health prevention with other public and private organizations

Physicians, PCPs, and their office staff are encouraged to establish a close working relationship with HCCs. Ongoing communication significantly enhances recipient participation in Health Check and helps make preventive care services more timely and effective.

HCCs are currently located in 83 North Carolina counties and Qualla Boundary.

HCCs are housed in local health departments, community and rural health centers, and other community agencies. A list of counties with HCCs is available on the DMA website at <http://www.dhhs.state.nc.us/dma>.

HEALTH CHECK CLAIM FORM SAMPLES

There are 17 CMS-1500 claim form samples, including two split claims (pages 23/24 and 25/26), and six examples of HSIS screens on the following pages.

Note: A copy of the back of the CMS-1500 claim form precedes the first sample. The back of the CMS claim form includes important information regarding Medicaid payments. The section on Medicaid Payments (Provider Certification) specifies that the provider of Medicaid services agrees to accept, as payment in full, the amount paid by the Medicaid program for those claims submitted for payment under that program, with the exception of authorized deductible, coinsurance, co-payments or similar cost-sharing charges.

BECAUSE THIS FORM IS USED BY VARIOUS GOVERNMENT AND PRIVATE HEALTH PROGRAMS, SEE SEPARATE INSTRUCTIONS ISSUED BY APPLICABLE PROGRAMS.

NOTICE: Any person who knowingly files a statement of claim containing any misrepresentation or any false, incomplete or misleading information may be guilty of a criminal act punishable under law and may be subject to civil penalties.

REFERS TO GOVERNMENT PROGRAMS ONLY

MEDICARE AND CHAMPUS PAYMENTS: A patient's signature requests that payment be made and authorizes release of any information necessary to process the claim and certifies that the information provided in Blocks 1 through 12 is true, accurate and complete. In the case of a Medicare claim, the patient's signature authorizes any entity to release to Medicare medical and nonmedical information, including employment status, and whether the person has employer group health insurance, liability, no-fault, worker's compensation or other insurance which is responsible to pay for the services for which the Medicare claim is made. See 42 CFR 411.24(a). If item 9 is completed, the patient's signature authorizes release of the information to the health plan or agency shown. In Medicare assigned or CHAMPUS participation cases, the physician agrees to accept the charge determination of the Medicare carrier or CHAMPUS fiscal intermediary as the full charge, and the patient is responsible only for the deductible, coinsurance and noncovered services. Coinsurance and the deductible are based upon the charge determination of the Medicare carrier or CHAMPUS fiscal intermediary if this is less than the charge submitted. CHAMPUS is not a health insurance program but makes payment for health benefits provided through certain affiliations with the Uniformed Services. Information on the patient's sponsor should be provided in those items captioned in "Insured"; i.e., items 1a, 4, 6, 7, 9, and 11.

BLACK LUNG AND FECA CLAIMS

The provider agrees to accept the amount paid by the Government as payment in full. See Black Lung and FECA instructions regarding required procedure and diagnosis coding systems.

SIGNATURE OF PHYSICIAN OR SUPPLIER (MEDICARE, CHAMPUS, FECA AND BLACK LUNG)

I certify that the services shown on this form were medically indicated and necessary for the health of the patient and were personally furnished by me or were furnished incident to my professional service by my employee under my immediate personal supervision, except as otherwise expressly permitted by Medicare or CHAMPUS regulations.

For services to be considered as "incident" to a physician's professional service, 1) they must be rendered under the physician's immediate personal supervision by his/her employee, 2) they must be an integral, although incidental part of a covered physician's service, 3) they must be of kinds commonly furnished in physician's offices, and 4) the services of nonphysicians must be included on the physician's bills.

For CHAMPUS claims, I further certify that I (or any employee) who rendered services am not an active duty member of the Uniformed Services or a civilian employee of the United States Government or a contract employee of the United States Government, either civilian or military (refer to 5 USC 5536). For Black-Lung claims, I further certify that the services performed were for a Black Lung-related disorder.

No Part B Medicare benefits may be paid unless this form is received as required by existing law and regulations (42 CFR 424.32).

NOTICE: Any one who misrepresents or falsifies essential information to receive payment from Federal funds requested by this form may upon conviction be subject to fine and imprisonment under applicable Federal laws.

NOTICE TO PATIENT ABOUT THE COLLECTION AND USE OF MEDICARE, CHAMPUS, FECA, AND BLACK LUNG INFORMATION (PRIVACY ACT STATEMENT)

We are authorized by CMS, CHAMPUS and OWCP to ask you for information needed in the administration of the Medicare, CHAMPUS, FECA, and Black Lung programs. Authority to collect information is in section 205(a), 1862, 1872 and 1874 of the Social Security Act as amended, 42 CFR 411.24(a) and 424.5(a) (6), and 44 USC 3101, 41 CFR 101 et seq and 10 USC 1079 and 1086; 5 USC 8101 et seq; and 30 USC 901 et seq; 38 USC 613; E.O. 9397.

The information we obtain to complete claims under these programs is used to identify you and to determine your eligibility. It is also used to decide if the services and supplies you received are covered by these programs and to insure that proper payment is made.

The information may also be given to other providers of services, carriers, intermediaries, medical review boards, health plans, and other organizations or Federal agencies, for the effective administration of Federal provisions that require other third parties payers to pay primary to Federal program, and as otherwise necessary to administer these programs. For example, it may be necessary to disclose information about the benefits you have used to a hospital or doctor. Additional disclosures are made through routine uses for information contained in systems of records.

FOR MEDICARE CLAIMS: See the notice modifying system No. 09-70-0501, titled, 'Carrier Medicare Claims Record,' published in the *Federal Register*, Vol. 55 No. 177, page 37549, Wed. Sept. 12, 1990, or as updated and republished.

FOR OWCP CLAIMS: Department of Labor, Privacy Act of 1974, "Republication of Notice of Systems of Records," *Federal Register* Vol. 55 No. 40, Wed Feb. 28, 1990, See ESA-5, ESA-6, ESA-12, ESA-13, ESA-30, or as updated and republished.

FOR CHAMPUS CLAIMS: PRINCIPLE PURPOSE(S): To evaluate eligibility for medical care provided by civilian sources and to issue payment upon establishment of eligibility and determination that the services/supplies received are authorized by law.

ROUTINE USE(S): Information from claims and related documents may be given to the Dept. of Veterans Affairs, the Dept. of Health and Human Services and/or the Dept. of Transportation consistent with their statutory administrative responsibilities under CHAMPUS/CHAMPVA, to the Dept. of Justice for representation of the Secretary of Defense in civil actions; to the Internal Revenue Service, private collection agencies, and consumer reporting agencies in connection with recoupment claims; and to Congressional Offices in response to inquiries made at the request of the person to whom a record pertains. Appropriate disclosures may be made to other federal, state, local, foreign government agencies, private business entities, and individual providers of care, on matters relating to entitlement, claims adjudication, fraud, program abuse, utilization review, quality assurance, peer review, program integrity, third-party liability, coordination of benefits, and civil and criminal litigation related to the operation of CHAMPUS.

DISCLOSURES: Voluntary; however, failure to provide information will result in delay in payment or may result in denial of claim. With the one exception discussed below, there are no penalties under these programs for refusing to supply information. However, failure to furnish information regarding the medical services rendered or the amount charged would prevent payment of claims under these programs. Failure to furnish any other information, such as name or claim number, would delay payment of the claim. Failure to provide medical information under FECA could be deemed an obstruction.

It is mandatory that you tell us if you know that another party is responsible for paying for your treatment. Section 1128B of the Social Security Act and 31 USC 3801-3812 provide penalties for withholding this information.

You should be aware that P. L. 100-503, the "Computer Matching and Privacy Protection Act of 1988", permits the government to verify information by way of computer matches.

MEDICAID PAYMENTS (PROVIDER CERTIFICATION)

I hereby agree to keep such records as are necessary to disclose fully the extent of services provided to individuals under the State's Title XIX plan and to furnish information regarding any payments claimed for providing such services as the State Agency or Dept. of Health and Human Services may request.

I further agree to accept, as payment in full, the amount paid by the Medicaid program for those claims submitted for payment under that program, with the exception of authorized deductible, coinsurance, co-payment or similar cost-sharing charge.

SIGNATURE OF PHYSICIAN (OR SUPPLIER): I certify that the services listed above were medically indicated and necessary to the health of this patient and were personally furnished by me or my employee under my personal direction.

NOTICE: This is to certify that the foregoing information is true, accurate and complete. I understand that payment and satisfaction of this claim will be from Federal and State funds, and that any false claims, statements, or documents, or concealment of a material fact, may be prosecuted under applicable Federal or State laws.

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0938-0008. The time required to complete this information collection is estimated to average 10 minutes per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: CMS, N2-14-26, 7500 Security Boulevard, Baltimore, Maryland 21244-1850.

Policy Statement

Pediatrics

Volume 108, Number 1

July 2001, pp 192-196

Developmental Surveillance and Screening of Infants and Young Children (RE0062)

AMERICAN ACADEMY OF PEDIATRICS

Committee on Children With Disabilities

RECOMMENDATIONS

All infants and young children should be screened for developmental delays. Screening procedures should be incorporated into the ongoing health care of the child as part of the provision of a medical home, as defined by the Academy.⁵¹ To screen for developmental delays or disabilities and intervene with the identified children and their families, the primary pediatrician providing the medical home should:

1. Maintain and update her or his knowledge about developmental issues, risk factors, screening techniques, and community resources, such as early intervention, school, Title V, and other community-based programs, for consultation, referral, and intervention.
2. Acquire skills in the administration and interpretation of reliable and valid developmental screening techniques appropriate for the population.
3. Develop a strategy to provide periodic screening in the context of office-based primary care, including the following:
 - Recognizing abnormal appearance and function during health care maintenance examinations;
 - Recognizing medical, genetic, and environmental risk factors while taking routine medical, family, and social histories;
 - Listening carefully to parental concerns and observations about the child's development during all encounters;
 - Recognizing troubled parent-child interaction by reviewing history or by observation;
 - Performing periodic screenings of all infants and young children during preventive care visits; and
 - Recognizing the importance that test procedures and processes be culturally sensitive and appropriate to the population.
4. Present the results of the screening to the family using a culturally sensitive, family-centered approach.
5. With parental agreement, refer children with developmental delays in a timely fashion to the appropriate early intervention and early childhood education programs and other community-based programs serving infants and young children.
6. Determine the cause of delays or refer to appropriate consultant for determination. Screen hearing and vision to rule out sensory impairments.
7. Maintain links with community-based resources, such as early intervention, school, and other community-based programs, and coordinate care with them.
8. Increase parents' awareness of developmental disabilities and resources for intervention by such methods as display and distribution of educational materials in the office.
9. Be available to families to interpret consultants' findings.

Ongoing involvement with the family permits the pediatrician to respond to parental concerns about the child's development when such concerns exist. When parents are not aware that a delay exists, the pediatrician can guide them toward closer observation of the child and, thus, enable them to recognize the delay. Referral for evaluation and services can take place only after the pediatrician has succeeded in this challenging task. At that point, the pediatrician's role shifts to one of involvement in the evaluation as appropriate, referral to available community resources for intervention and family support, assistance in understanding the evaluation results, assessment and coordination of services, and monitoring the child's developmental progress as part of the provision of a medical home.

CONCLUSION

Early identification of children with developmental delays or disabilities can lead to treatment of, or intervention for, a disability and lessen its impact on the functioning of the child and family. Because developmental screening is a process that selects children who will receive more intensive evaluation or treatment, all infants and children should be screened for developmental delays. Developmental surveillance is an important method of detecting delays. Moreover, the use of standardized developmental screening tools at periodic intervals will increase accuracy. Pediatricians should consider using standardized developmental screening tools that are practical and easy to use in the office setting. Successful early identification of developmental disabilities requires the pediatrician to be skilled in the use of screening techniques, actively seek parental concerns about development, and create links with available resources in the community.

Please Note; the recommendations and conclusions stated above are part of the AAP Policy Statement on Developmental Surveillance and Screening of Infants and Young Children (RE0062) Volume 108, Number 1, July 2001 pp 192-196. The entire policy can be found on their website at <http://aappolicy.aappublications.org>.

TIPS FOR DECREASING DENIALS

EOB	Message	Tip
010	Diagnosis or service invalid for recipient age. Verify MID, diagnosis, procedure code or procedure code/modifier combination for errors. Correct and submit as a new claim.	Verify the recipient's Medicaid identification (MID) number, date of birth (DOB), diagnosis, and procedure codes. Make corrections, if necessary, and resubmit to EDS as a new claim. If all information is correct, send the claim and RA to the DMA Claims Analysis Unit, 2519 Mail Service Center, Raleigh, NC 27699-2519.
060	Not in accordance with medical policy guidelines.	Verify that only one vision and/or hearing screening is billed per date of service. Make corrections and resubmit as a new day claim.
082	Service is not consistent with/or not covered for this diagnosis/or description does not match diagnosis.	Verify diagnosis code is V20.2 or V70.3 for the Health Check screening according to the billing guidelines on page 9. Correct claim and resubmit.
685	Health Check services are for Medicaid recipients birth through age 20 only.	Verify recipient's age. Only recipients age birth through 20 years of age are eligible for Health Check program services.
1036	Thank you for reporting vaccines. This vaccine was provided at no charge through VFC Program. No payment allowed.	Immunizations(s) are available at no charge through the UCVDP/VFC Program.
1058	The only well child exam billable through the Medicaid program is a Health Check screening. For information about billing Health Check, please call 1-800-688-6696.	Bill periodic screening with V20.2 and interperiodic screenings with V70.3. Check the preventive medicine code entered in block 24D of the claim form.
1422	Immunization administration not allowed without the appropriate immunization. Refer to the most recent Health Check special bulletin.	Check the claim to ensure that the immunization procedure code(s) are billed on the same claim as the immunization administration code(s). Make corrections and resubmit as a new day claim.
1769	No additional payment made for vision, hearing and/or developmental screening services.	Payment is included in Health Check reimbursement.
1770	Invalid procedure/modifier/diagnosis code combination for Health Check or Family Planning services. Correct and resubmit as a new claim.	Health Check services must be billed with the diagnosis code V20.2 or V70.3 and the EP modifier. Verify the correct diagnosis code, procedure code and modifier for the service rendered. Family planning services must be billed with the FP modifier and the diagnosis code V250.9.
1771	All components were not rendered for this Health Check screening.	For periodic screenings, verify all required components, such as vision and/or hearing assessments were performed and reported on the claim form using the EP modifier. Make corrections and resubmit as a new day claim.

HEALTH CHECK WORKSHEETS

Health Check Billing Worksheet

The Health Check Billing Worksheet (see page 44) may be used in your practice to facilitate Health Check billing.

For additional billing questions please contact EDS at 1-800-688-6696 or 919-851-8888.

Health Check Immunization Worksheet

The Immunization Billing Worksheet (see page 45) may be used in your practice to as a guide to billing for immunizations provided to Health Check recipients.
